

help mend a

BR KEN HEART

Hello my name is **Caesar** and I was born with a defective heart. Although I am only 5 months old I need major heart surgery if I am going to live to lead the active life I am dreaming of.

Caesar was turned into **Miniature Schnauzer Rescue** when his owner learned of his heart defect. We desperately need to raise the funds to provide Caesar with this life-saving heart surgery. Without surgery, **Caesar** will die of congestive heart failure. Please help save **Caesar's** life by making a donation to our nonprofit organization. Donations are tax deductible and may be made via **PAYPAL** on our website or by mail to:
